

International Joint Commission
Program Evaluation of Regulatory Frameworks
for Wetlands in the Great Lakes Basin

GSA SCHEDULE CONTRACT HOLDER ENVIRONMENTAL, ENGINEERING, AND SUSTAINABILITY SERVICES

As an active GSA schedule holder, Environmental Consulting & Technology, Inc. (ECT), offers environmental, engineering, and sustainability consulting solutions that meet the needs of U.S. Government infrastructure, asset management, redevelopment, new construction, and compliance programs nationwide.

With professionals in more than 25 states, ECT specializes in natural resources, ecosystem restoration, remediation, water resource initiatives, and sustainability programs requiring cutting-edge technologies, effective permitting strategies, and responsive project management.

Benefits to working with ECT:

- Multi-disciplinary environmental solutions
- In-house experts on key environmental challenges
- Strong bench of trained, mobile field technicians
- Permitting expertise built in highly regulated regions
- In-house technologies, including full-service GIS and drone teams
- ENR Top 200 Environmental Firm – 24 consecutive years

> ECT Capabilities

Air Quality

- State & Federal Air Quality Compliance
- Federal New Source Review (NSR) Permitting (PSD & NNSR)
- Title V Permitting
- State Construction Permitting
- Minor Source Permitting
- Control Technology Evaluations (RACT/BACT/LAER/ MACT)
- Air Dispersion Modeling (Class I & II Areas, Toxic Air Pollutants)
- Greenhouse Gases – Emissions Calculations, Inventories, & Reporting
- Emissions Inventories & Database Services
- Emissions Offsets/Reduction Credits
- NEPA Reviews/Air Quality Analyses

Natural Resource Management & Permitting

- Aquatic & Fisheries Surveys
- Wetland & Stream Assessments & Surveys
- Wildlife, Avian, & Plant Threatened & Endangered Surveys & Habitat Assessments
- Energy Facilities Siting, Licensing, Permitting, & Construction Oversight
- Pollinator Studies
- Ecological Risk Assessments
- Visual Impact Assessments
- NEPA Support
- Wildlife & Habitat Management Plans
- Land Use Planning

Performance Assurance

- EHS Management Systems (ISO 14001, 45001, 50001)
- EH&S Regulatory Compliance Auditing
- Environmental Asset & Compliance Management System (EACMS)
- AST & UST Compliance & Testing
- RCRA Compliance, Reporting, & Planning
- SARA Title III Reporting (Tier II, Form A/R, TRI)
- SPCC & Oil Spill Contingency Plans
- Emergency Response Plans
- NPDES Permitting & Oversight
- Wastewater Discharge Management & Reporting
- Stormwater Management & Reporting (SWPPP, Industrial, Municipal, Construction, SESC)
- EH&S Training Program Development & Implementation
- OSHA-mandated Written Programs
- Integrated Contingency Plans

Site Assessment & Remediation

- Brownfield Redevelopment
- Contaminated Sediment
- Engineering & Remedial Design
- AST & UST Compliance Closure
- Site Characterization
- Due Diligence
- Site/Contamination Assessments
- Demolition & Reclamation Management
- Exposure Assessments
- Risk-based Corrective Actions
- Permit Compliance
- Hydrogeologic Investigations

Water Resources

- Public Private Partnerships
- Ecosystem Restoration
- Climate Resilience, Mitigation, & Adaptation
- Sustainability Frameworks/Plans
- Hydraulic, Hydrologic, & Coastal Modeling
- Ecosystem Modeling
- Green Stormwater Infrastructure
- NPDES Permitting, Including 316(a/b)
- Program Management
- Construction Oversight/Management

Operational Sustainability

- Greenhouse Gas Emissions Tracking, Reduction, & Mitigation
- Carbon Offset Consulting & Renewable Energy Procurement
- Zero Waste Implementation/Certification
- Energy Auditing & Consumption/Cost Reduction
- Water, Wastewater, Stormwater Auditing & Consumption/ Cost Reduction
- Waste Auditing & Volume/Cost Minimization
- Circular Supply Chain Development
- Sustainability Data Management & Reporting
- Sustainability Data Verification
- LEED & WELL Building Certification/Recertification
